This course when offered during the fiscal year 2010-2011 meets the requirements of the NCBEEC for eight (8) contact hours of continuing education credit. This course is not sponsored by the Board. Courses meet the requirements of the NCCOQB for six (6) contact hours of continued education credit. This course is approved for NABCEP credit hours.

Dear Ladies and Gentlemen:

We have an opportunity before us that will help all. We are bringing these educational seminars to areas near you to try and cut the cost of continuing education. Monies raised will go to our legislative and educational efforts. We at the NC Ellis Cannady Chapter urge you to attend, so you may increase your knowledge and help us in continuing to improve our industry.

Respectfully Yours,
Education Committee Chairman, NC Ellis Cannady Chapter, IAEI
Mitchell Bryant

The City of Winston Salem Inspections Department with the help of the NC Ellis Cannady Chapter of the International Association of Electrical Inspectors, is pleased to support this instructional seminar for Inspectors and Contractors in North Carolina. Our mutual goal is to fulfill our educational responsibilities and continue to keep our industry at the top levels of knowledge, safety, and service to the citizens of North Carolina.

Sincerely,
Mark Tighe
Senior Electrical Inspector
Winston Salem
